EXPERIENCE

Software Development Engineer II Mar 2023 – Present

Tijoree Money · Mumbai

- Own the Flutter client (Android, iOS, Web) for Tijoree's corporate cards / payables platform, used by 100+ corporates including Reliance, Godrej, and TVS Motor; product processes ₹2,000+ Cr in annual transaction volume.
- Designed a Melos monorepo with 6 feature packages (Virtual Cards, Vendor KYC, Payments, Analytics, and related modules), cutting cross-team duplication and CI build times by ~25%.
- Built a 4-stage Bitbucket CI/CD pipeline (Dev → Stage → Pre-prod → Prod) deploying to AWS S3/CloudFront and Firebase Hosting, with automated Sentry APM and source-map uploads.
- Hardened web security with build-time AES transport-key injection (AWS Secrets Manager) and Subresource Integrity (SRI), supporting PCI DSS / SOC 2 / ISO 27001 controls.
- Shipped core fintech modules: GST reconciliation, invoice discounting, BBPS utility payments, vendor verification, and multi-level approval workflows.

Software Developer Feb 2022 – Mar 2023

uFaber Edutech · Mumbai

- Led Flutter delivery for FluentLife, UPSC Pathshala, and IELTS Ninja — 10M+ downloads and 10K+ DAU across the portfolio.
- Shipped AI chatbots, cloud calling, group activities, and masterclasses with Flutter and Bloc.
- Built serverless features on Firebase + Cloud Functions; used BigQuery and Cloud Logging to drive retention improvements.

Software Developer Mar 2021 – Feb 2022

Corbel Business Applications · Kochi

- Built and delivered Abemart (e-commerce) and Progresser (ERP) in Flutter, including REST API integration and client handoff.

Software Developer Aug 2020 – Mar 2021

Ingerem India Pvt Ltd · Kochi

- R&D engineer on a 4-person team shipping interactive training/operations apps; owned cloud architecture and document systems for secure, scalable deployments.
